

## Safety Data Sheet

### Graphene Leather Cleaner

#### SECTION 1: Identification

---

##### Product identifier

|                |                            |
|----------------|----------------------------|
| Product name   | Graphenoil Leather Cleaner |
| Product number | 6221                       |

##### Recommended use of the chemical and restrictions on use

Leather cleaner and conditioner.

##### Supplier's details

|         |                                                                  |
|---------|------------------------------------------------------------------|
| Name    | Doc's Speed Shop Auto Products                                   |
| Address | 7722 Harms Road<br>Houston, TX 77041<br>United States of America |

|           |                          |
|-----------|--------------------------|
| Telephone | (713) 932-0867           |
| email     | info@docsautoproducs.com |

##### Emergency phone number(s)

800-424-9300  
CHEMTREC – TOLL FREE 24 HOUR EMERGENCY TELEPHONE  
NUMBER

---

#### SECTION 2: Hazard identification

##### Classification of the substance or mixture

##### GHS classification in accordance with OSHA (29 CFR 1910.1200)

- Eye damage/irritation (chapter 3.3), Cat. 2B
- Flammable liquids (chapter 2.6), Cat. 4
- Skin corrosion/irritation (chapter 3.2), Cat. 3

##### GHS label elements, including precautionary statements

##### Signal word

##### Warning

##### Hazard statement(s)

|      |                             |
|------|-----------------------------|
| H227 | Combustible liquid          |
| H316 | Causes mild skin irritation |
| H320 | Causes eye irritation       |

##### Precautionary statement(s)

# Safety Data Sheet

## Graphene Leather Cleaner

### Prevention

P210

Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking.

P264

Wash hands and exposed skin thoroughly after handling.

P280

Wear protective gloves/protective clothing/eye protection/face protection.

### Response

P305+P351+P338

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

P332+P313

If skin irritation occurs: Get medical advice/attention.

P337+P313

If eye irritation persists: Get medical advice/attention.

P370+P378

In case of fire: Use foam/C02 to extinguish.

### Storage

P403+P235

Store in a well ventilated place. Keep cool.

### Disposal

P501

Dispose of contents/container to local, state, and federal regulations

## SECTION 3: Composition/information on ingredients

### Mixtures

### Hazardous components

| Name                      | Product Identifier     | %             | GHS-US classification     |
|---------------------------|------------------------|---------------|---------------------------|
| Proprietary Ingredient #1 | (CAS-No.) Trade secret | 10            | Flammable Liquid – Cat. 4 |
| Proprietary Ingredient #2 | (CAS-No.) Trade secret | Not Specified | Not Classified            |
| Proprietary Ingredient #3 | (CAS-No.) Trade secret | Not Specified | Comb. Dust                |

### Trade secret statement (OSHA 1910.1200(i))

The specific chemical identities of the ingredients in this mixture are considered to be trade secrets and are withheld in accordance with the provisions of 1910.1200 of the code of federal regulations

## SECTION 4: First-aid measures

### Description of necessary first-aid measures

General advice

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label if possible).

If inhaled

Remove to fresh air. If breathing is irregular or stopped, administer artificial respiration. In case of shortness of breath, give oxygen. Call a physician immediately.

In case of skin contact

Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. When symptoms persist or in all cases of doubt seek medical advice. Wash contaminated clothing before re-use.

In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

If swallowed

If swallowed, call a poison control centre or doctor immediately. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.

## Graphene Leather Cleaner

Personal protective equipment for first-aid responders

See Section 8 for exposure and PPE recommendations

### **Most important symptoms/effects, acute and delayed**

No data available.

### **Indication of immediate medical attention and special treatment needed, if necessary**

No data available.

---

## **SECTION 5: Fire-fighting measures**

### **Suitable extinguishing media**

Water spray or fog, foam, dry chemical, CO<sub>2</sub>

### **Specific hazards arising from the chemical**

No data available.

### **Special protective actions for fire-fighters**

Keep containers and surroundings cool with water spray.

### **Further information**

No data available.

---

## **SECTION 6: Accidental release measures**

### **Personal precautions, protective equipment and emergency procedures**

See section 8.

### **Environmental precautions**

Do not allow product to enter environment.

### **Methods and materials for containment and cleaning up**

Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

---

## **SECTION 7: Handling and storage**

### **Precautions for safe handling**

Use good industrial hygiene. Wash hands before eating, drinking, or smoking.

### **Conditions for safe storage, including any incompatibilities**

Prevent exposure to extremes of temperature:.. Protect from freezing.

### **Specific end use(s)**

Leather conditioner.

---

## **SECTION 8: Exposure controls/personal protection**

### **Appropriate engineering controls**

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

# Safety Data Sheet

## Leather Cleaner

**Individual protection measures, such as personal protective equipment (PPE)**

### Skin protection

If irritation occurs, see Section 2 and Section 4 for recommended first aid procedures. Use product with gloves after treating symptoms.

### Body protection

No data available.

### Respiratory protection

If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn.

### Environmental exposure controls

Do not allow product to enter environment.

---

## SECTION 9: Physical and chemical properties

### Information on basic physical and chemical properties

|                                         |                               |
|-----------------------------------------|-------------------------------|
| Appearance/form                         | White to buff, viscous liquid |
| Odor                                    | leather-like                  |
| Odor threshold                          | No data available.            |
| pH                                      | No data available.            |
| Melting point/freezing point            | 13.5f                         |
| Initial boiling point and boiling range | 300-475f                      |
| Flash point                             | 170F (70.6C)                  |
| Evaporation rate                        | Negligible                    |
| Flammability (solid, gas)               | No data available.            |
| Upper/lower flammability limits         | No data available.            |
| Vapor pressure                          | 1.7 (@20EC)                   |
| Vapor density                           | No data available.            |
| Relative density                        | 0.8-1.2 (@60f)                |
| Solubility(ies)                         | 0.0                           |
| Partition coefficient: n-octanol/water  | No data available.            |
| Auto-ignition temperature               | No data available.            |
| Decomposition temperature               | No data available.            |
| Viscosity                               | No data available.            |
| Explosive properties                    | No data available.            |
| Oxidizing properties                    | No data available.            |

---

## SECTION 10: Stability and reactivity

### Reactivity

Product is nonreactive when used and stored as directed.

### Chemical stability

Product is stable when used and stored as directed .

### Possibility of hazardous reactions

Hazardous Polymerization will not occur

### Conditions to avoid

High/low temperatures

# S a f e t y D a t a S h e e t

## Graphene Leather Cleaner

### Incompatible materials

Strong acids/bases, oxidizing agents and selected amines.

### Hazardous decomposition products

Carbon Monoxide, Carbon Dioxide

---

## SECTION 11: Toxicological information

### Information on toxicological effects

#### Acute toxicity

Distillates (petroleum), hydrotreated light

LD50 Skin - Rabbit - 2000-4000mg/kg

Distillates (petroleum), hydrotreated light

LD50 Inhalation - Rat - >5000mg/kg - 4hours

Result: All rats survived at indicated concentration

#### Skin corrosion/irritation

Distillates (petroleum), hydrotreated light

Skin - Rabbit - 2.2 (Max. score is 8)

#### Serious eye damage/irritation

Distillates (petroleum), hydrotreated light

- Rabbit

Result: 3.3

Remarks: Max score is 110

#### Germ cell mutagenicity

No data available.

#### Carcinogenicity

No data available.

#### Reproductive toxicity

No data available.

#### STOT-single exposure

No data available.

#### STOT-repeated exposure

No data available.

#### Aspiration hazard

No data available.

#### Additional information

No data available.

---

## SECTION 12: Ecological information

### Toxicity

Distillates (petroleum), hydrotreated light

OECD

# S a f e t y   D a t a   S h e e t

## Graphene Leather Cleaner

Result: Readily biodegradable

Remarks: OECD Test Guideline 301F (28 d): 85 %

Test substance: LPA® 170 Solvent

### **Persistence and degradability**

No data available.

### **Bioaccumulative potential**

No data available.

### **Mobility in soil**

No data available.

### **Results of PBT and vPvB assessment**

No data available.

### **Other adverse effects**

No data available.

---

## **SECTION 13: Disposal considerations**

### **Disposal of the product**

Dispose of product in accordance with local, state, and federal regulations.

### **Disposal of contaminated packaging**

Dispose of as unused product.

### **Waste treatment**

No data available.

### **Sewage disposal**

Do not dispose of in sewers

### **Other disposal recommendations**

No data available.

---

## **SECTION 14: Transport information**

### **DOT (US)**

Not dangerous goods

### **IMDG**

Not dangerous goods

### **IATA**

Not dangerous goods

---

## **SECTION 15: Regulatory information**

### **Safety, health and environmental regulations specific for the product in question**

#### **Toxic Substances Control Act (TSCA) Inventory**

Distillates, petroleum: CAS: Trade Secret

#### **SARA 311/312 Hazards**

# S a f e t y D a t a S h e e t

## Graphene Leather Cleaner

Fire Hazard; immediate acute health hazard: Distillates, petroleum: CAS: Trade Secret

---

### SECTION 16: Other information

Revision Date:  
05/25/2016

Other Information:

This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
